

South Carolina Workers' Compensation Commission (SCWCC)

EDI Claims Release 3.0 Information Announcement

New SCWCC EDI Claims Release 3.0 Website and New Release 3.0 Trading Partner Registration is Now Available!

Date: 03/13/2024

SCWCC has selected Verisk, to manage their FROI and SROI EDI reporting. To support the transition, SCWCC has released a new Electronic Data Interchange (EDI) Claims Release 3.0 website that is hosted by Verisk.

Please visit <https://scwccedi.info/> for information regarding EDI Claims Release 3.0 reporting in SCWCC that includes the following:

- Claims Release 3.0 EDI Requirement Tables
- Trading Partner Profiles Registration and Instructions
- Frequently Asked Questions (FAQ) for EDI
- What's New: Announcements, etc.

There is no change needed for Trading Partners at this time concerning how you currently report or to your current Trading Partner profile updates or even who you contact for EDI questions.

However, we have a request for all Trading Partners to help us prepare for the transition. **The request is for all Trading Partners, including Trading Partner's that are already approved with SCWCC for Release 3.0, to complete a new Trading Partner Profile using the new registration system. Please access the Trading Partner profile registration at <https://scwccedi.info/register> and complete your registration today.** Upon completion of the registration, you will receive an email with the status of your registration. Refer to detailed registration instructions available on the new website that explains how this works. Please complete the registration no later than Monday, April 15, 2024.

Questions? If you have any questions related to SCWCC's current EDI Claims *Release 3.0*, please contact SCWCC at edi@wcc.sc.gov.

If you have questions related to the request to complete the new Trading Partner Profile Registration, please contact the SCWCC EDI Support Team at scwccedi@verisk.com.

Thank you,

SCWCC EDI Support Team
